

## Applying the “HCHS/SOL Confidential” watermark to a PDF

1. Open your PDF and select Tools in the upper right, and select Watermark from the right hand menu. (Page 1 of the instructions)
2. In the dialogue box (Page 2 of the instructions), select File as the Source. Navigate to where you have saved the watermark on your computer, and select that file.
3. Back in the dialogue box, set the Absolute Scale to 100%, set the Opacity to 50%, and verify that “Appear on top of page” is selected.
4. Select OK at the bottom of the dialogue box to apply the watermark to your PDF.

The screenshot shows the Adobe Acrobat Pro interface. The main window displays a PDF document titled "1000G\_IMPUTE2report\_OLGA\_watermarkTest.pdf". The document content is a table of contents for a report titled "Hispanic Community Health Study/Study of Latinos: Imputation Report for Imputed Dataset 1" dated February 9, 2014. The table of contents includes sections like Overview, Study data, Reference panel, Strand alignment, Imputation software and computing resources, and Imputation output. A large, semi-transparent watermark reading "HCHS/SOL CONFIDENTIAL" is overlaid on the document. The "Add Watermark" dialog box is open in the center, showing settings for source (File: Sol\_watermark.pdf), appearance (Opacity: 50%, Location: Appear on top of page), and position. The right-hand pane shows the "Tools" menu with "Watermark" selected, indicated by a red arrow.

**Contents**

- I. [Overview](#)
- II. [Study data](#)
  - a. Sample
  - b. SNPs
  - c. Data
  - d. Pre-p
- III. [Reference panel](#)
- IV. [Strand alignment](#)
- V. [Imputation software and computing resources](#)
- VI. [Imputation output](#)
  - a. Phased output
